A LETTER FROM OUR PRESIDENT

While we understand that our reward is not in this life, God is good to give us an occasional peek into His workings here and now. WallBuilders has been blessed to share in some real victories and witness so many answers to prayer this year!

As we continue to **rebuild** our moral, religious, and constitutional foundation, we've seen reclaimed religious freedoms, with the reintroduction of Biblical content in classrooms in several states, and unapologetically Christian ads on the streets of Washington DC!

This year alone, through our Pro-Family Legislative Network, Pastors' Briefings and Teachers Conferences, we've met with and fortified fellow **rebuilders** in almost all fifty states. In fact, in the last few months we've had Congressmen, congressional staffers, state legislators, school board members and numerous others, tell us they are now serving because of the influence of WallBuilders. We've encouraged faith leaders and emboldened church congregations to be salt and light in their communities. We also spent the several months before the election taking part in pastors' and community events in all seven swing states. We had many reports of those pastors teaching about Christian participation and influence in the government arena, and church attendees who decided to be involved in the election process, many choosing to vote who had previously planned to abstain.

While we thank the Lord for these many victories, there is so much more to do! At this point, I feel like we've only won the coin-toss for possession of the ball and now the real effort begins; and there are so many opportunities in front of us. In the coming year, WallBuilders is looking to increase our outreach with expanded order fulfillment facilities and additional staff to support our mission of education and influence.

The **rebuilding** is ongoing and your support helps us empower many on the frontlines in school boards, state legislatures, get-out-the-vote efforts, and mobilize churches to reach their communities. We invite you to help us **rebuild** with a special gift today.

Now is the time to follow Nehemiah 2:18b: *"Then they said, 'Let's arise and build.' So they put their hands to the good work!"*

Thank you for your prayers and support!

Tim Barton

VICTORY FOR FIRST AMENDMENT RIGHTS!

Court Orders DC Transit Authority to Accept & Run Unconstitutionally Rejected WallBuilders Ad

In December of 2023, WallBuilders filed a lawsuit against the Washington Metropolitan Area Transit Authority (WMATA) because they rejected our advertisements for being too controversial. The ads contained historical images of the Founding Fathers with the word “Christian?” prominently on the ad, and a link to find out more about the faith of our founders.

After several months the court ruled in our favor! The WallBuilders ads about the faith of the Founders finally went up on DC Metro buses and in DC Metro stations during the busy summer tourist season and the 4th of July! People from the DC area, around the nation, and even other parts of the globe viewed the ads and visited the link that included a collection of quotes by Founders in our article, “The Founding Fathers on Jesus, Christianity and the Bible.”

THANKS TO THE SUPPORT OF OUR PARTNERS, WE ARE ABLE TO FIGHT TO RESTORE TRUTH & RELIGIOUS LIBERTY!

WALLBUILDERS CONGRESSIONAL PASTORS' BRIEFINGS

WallBuilders hosted two Congressional Pastors' Briefings this year. In April, 90 pastors and ministry leaders from 20 different states were in attendance. David and Tim led a Capitol tour, and the attendees heard reports and testimonies from nine Members over the two day briefing. This group of pastors received a special honor when Congressman Dan Bishop (NC) took them onto the House Floor where they prayed for our Nation and for every Member who serves.

In September, 109 pastors & spouses representing 25 states attended the Briefing. Many of the staff indicated that this was one of the most encouraging pastors' briefings to date. Almost every Member who spoke discussed the influence WallBuilders had on their lives, including:

Congressman Josh Brecheen (OK) started the event by holding up his personal copy of *The Founders' Bible*, which was so well used that it was held together in part by duct tape!;

Congressman Eric Burlison (MO), who said that without WallBuilders, he would not be in Congress; and

Speaker Mike Johnson (pictured below, right) who discussed the impact WallBuilders has had on his life and the WallBuilders' resources he has used in his position. David had a unique opportunity to show Speaker Johnson and members of his family a few of the WallBuilders artifacts pertaining to the government!

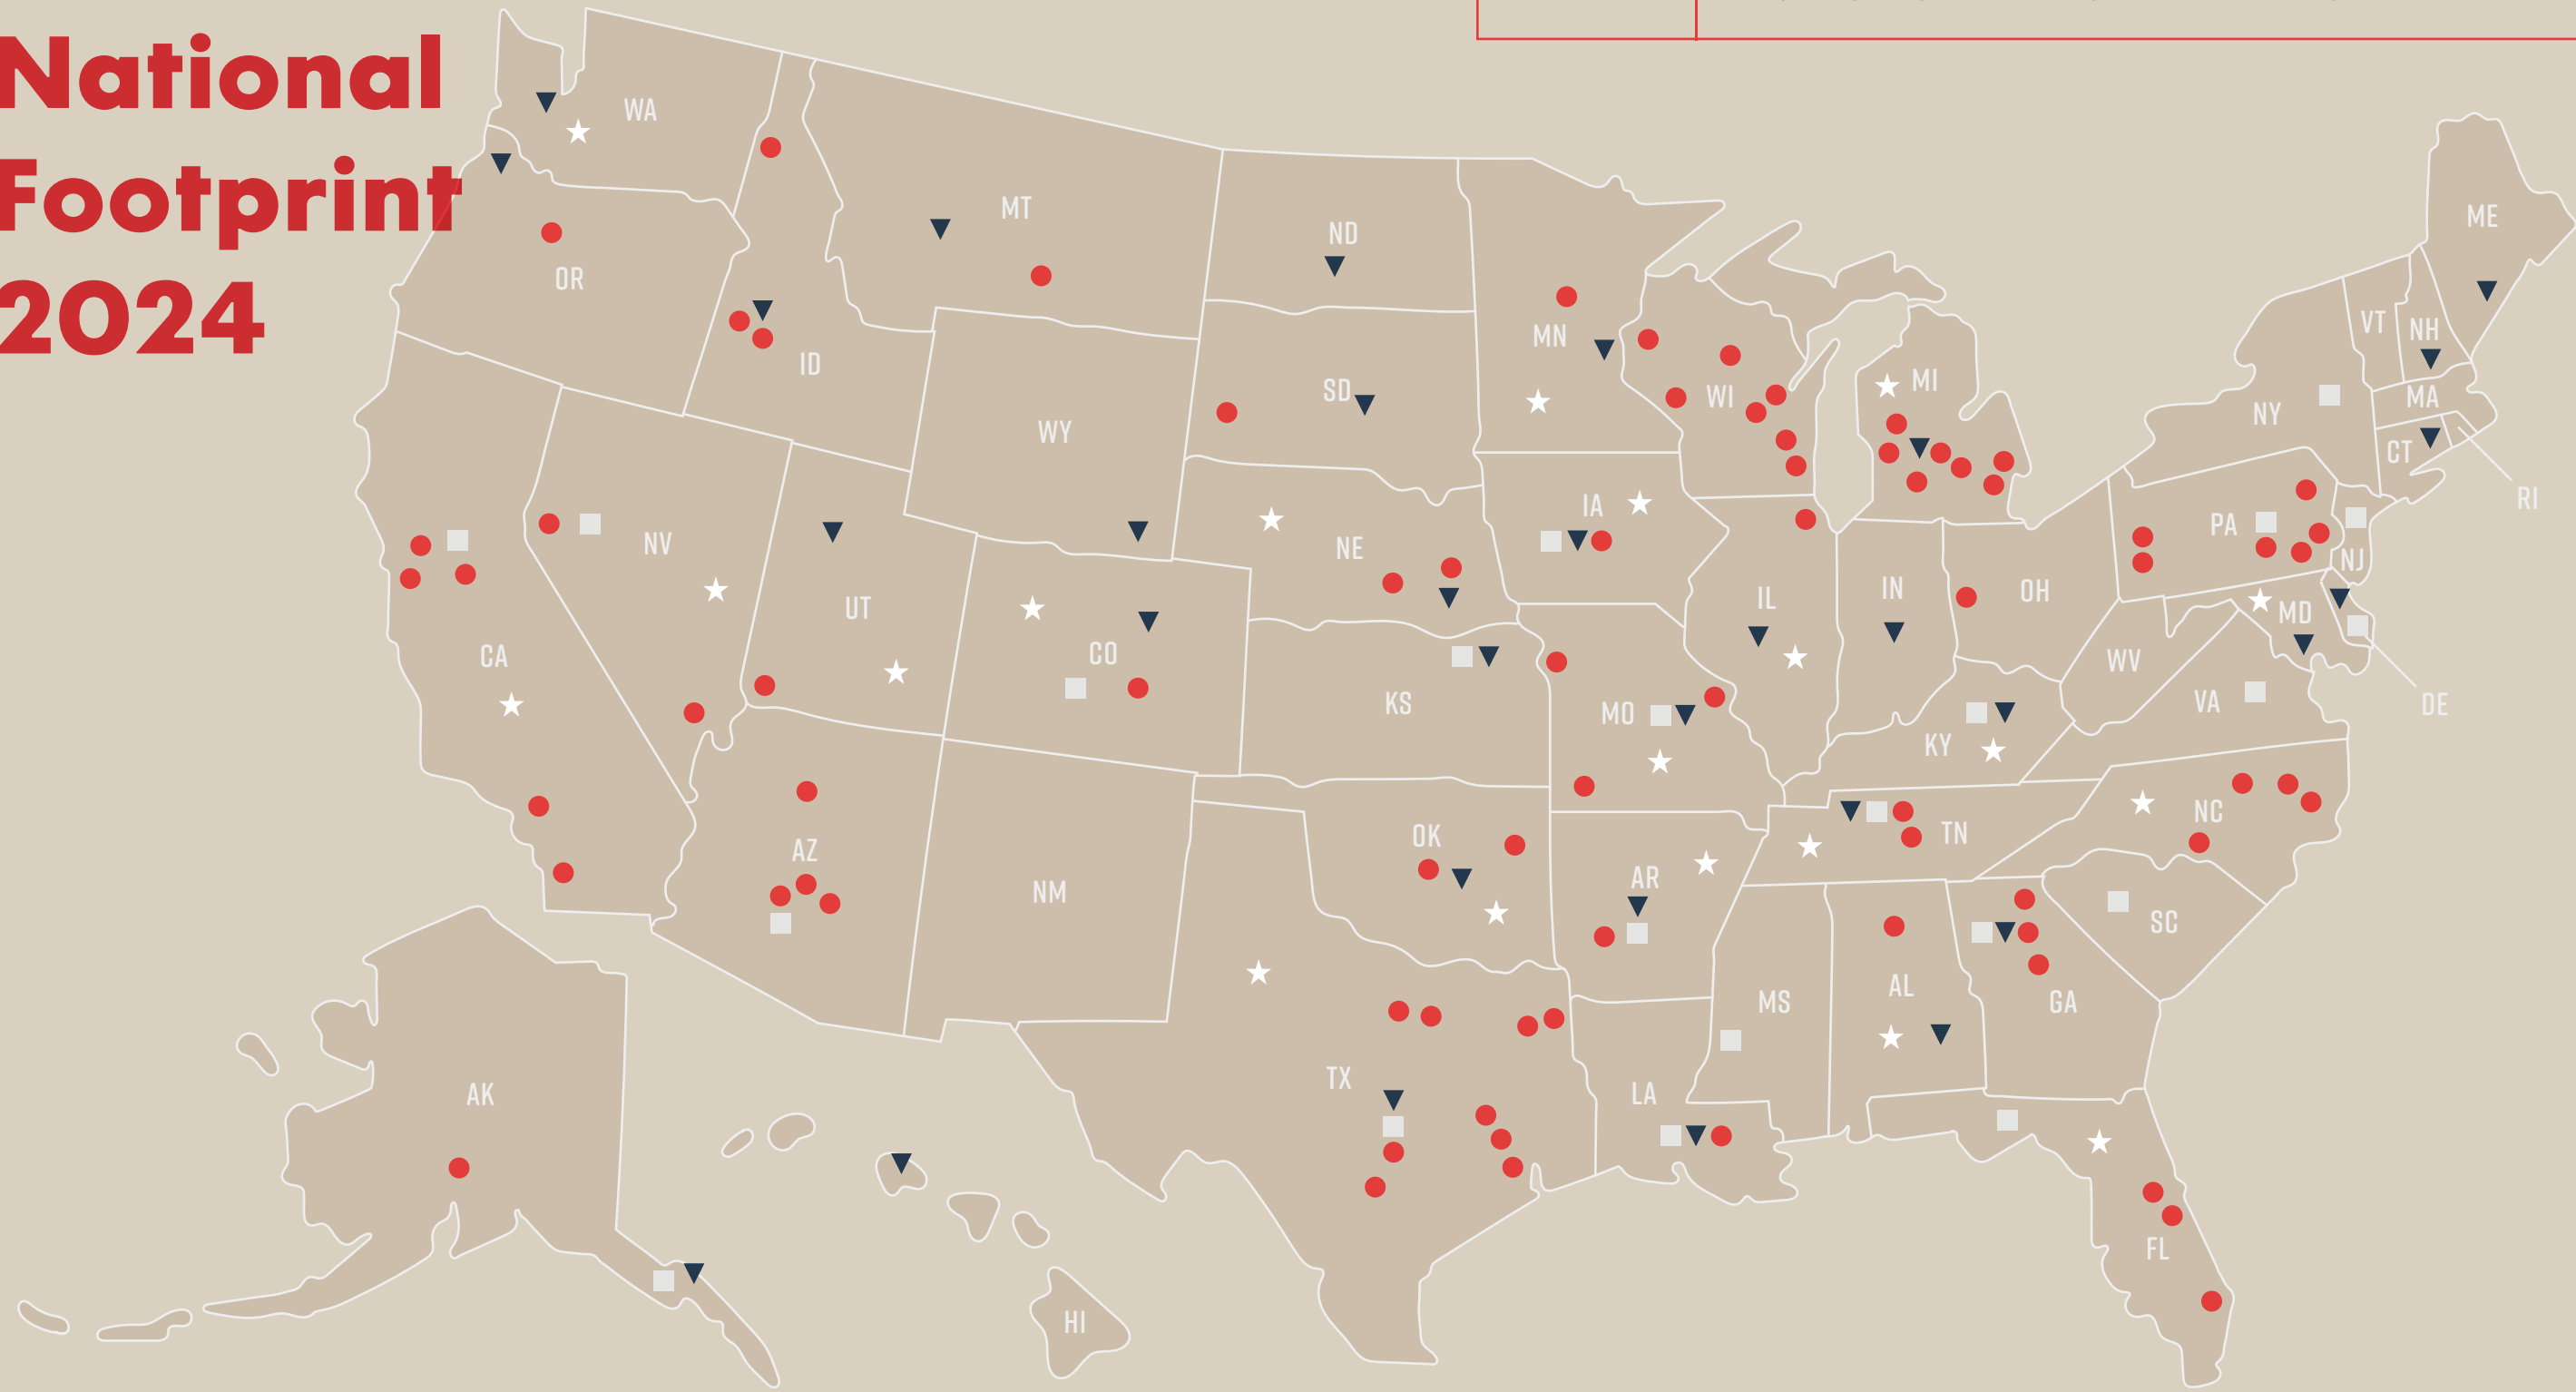

All of the speakers spoke of our great hope in Jesus, regardless of circumstances, and encouraged us to continue to pray for them. Their requests were a reminder of the great impact that ministry leaders and prayer have on this nation, as evidenced throughout American history.

YOUR DONATIONS MADE IT POSSIBLE FOR PASTORS TO ATTEND THESE EYE-OPENING & ENCOURAGING BRIEFINGS COMPLETELY FREE!

PRO-FAMILY LEGISLATIVE NETWORK

Serving Leaders to Advance Constitutional Principles

WallBuilders' Pro-Family Legislative Network (PFLN) built on the momentum of past successes, playing a pivotal role in one of our most impactful legislative sessions to date. We continued to partner with Christian legislators and elected officials, equipping them with essential resources such as policy bill drafts, talking points, in-depth research, expert testimony, and strategic networking—all aimed at advancing pro-family, Biblical and constitutional policies in states across the country.

Ten Commandments Display in Public Schools

Another major milestone this year was the passage of legislation in Louisiana, allowing the display of the Ten Commandments in public school classrooms. This bill was inspired by a draft we shared at our annual conference last year, where we also produced a comprehensive support brief on the Ten Commandments historical significance steeped in America's traditions. Tim Barton testified in support of the bill in both the Louisiana House and Senate and attended the signing of this bill by the governor. Additionally, in Utah, legislation passed permitting the teaching of the Ten Commandments in public schools.

Legislation to Save Children from Experimentation

In Ohio, legislators in our network overrode the governor's veto of the Save Adolescents from Experimentation Act (SAFE Act) and stood strong in the midst of one of the nation's most contentious spiritual battles for the sake of our children. This legislation was also passed in Tennessee and Missouri.

Restricting Adolescent Access to Pornography

Legislators in our network also spearheaded several bills restricting access to pornographic materials in schools, libraries, and online. Texas, Louisiana, and Utah were among the states that enacted critical protections for children.

Banking & Fiscal Policy Victories

We continued to address key issues in the financial sector, particularly combating ESG (Environmental, Social Governance) and understanding impending threats in the UCC (Uniform Commercial Code). In Tennessee, we helped pass debanking legislation to protect individuals from losing access to their bank accounts because of their religious or political beliefs. Additionally, PFLN provided expertise on the UCC to legislators and state level elected officials in South Dakota, Utah, Tennessee and Oklahoma to help them learn how to combat a Central Bank Digital Currency (CBDC) in their commercial codes and ensure ultimate protection for private property as it relates to investment portfolios.

PRO-FAMILY LEGISLATIVE CONFERENCE

WallBuilders hosted its 20th Annual Pro-Family Legislative Conference November 14-17, 2024, in Dallas, Texas. It was our largest conference to date! In attendance were more than 350 legislators and leaders from over 35 states across the country.

David and Tim, along with more than thirty policy and legal experts, briefed legislators on pressing issues facing states. Speakers included Mat Staver (President of Liberty Counsel), radio show host Glenn Beck, Kelly Shackelford (President of First Liberty Institute), Coach Joe Kennedy (featured in *Average Joe*) and many others. They covered critical issues such as restoring religious freedom in education, reforming foster care and adoption, understanding bioethics and protecting embryos, reforming higher education, and many other issues. David and Tim also provided historical lessons from America's founding and how that should shape policy today.

WE ARE TREMENDOUSLY THANKFUL FOR YOUR FAITHFUL SUPPORT OF THE PRO-FAMILY LEGISLATIVE NETWORK'S MISSION TO SEE BIBLICAL AND CONSTITUTIONAL PRINCIPLES ADVANCED ACROSS THE COUNTRY. WE LOOK FORWARD TO CONTINUING THIS CRITICAL WORK IN THE YEAR AHEAD.

**JOIN US AND EXPERIENCE
THE MUSEUM FOR YOURSELF**

"...OUR LIVES, OUR FORTUNES AND OUR SACRED HONOR."

Fifty-six men risked everything for freedom. They knew their signatures could cost them their lives but willingly signed anyway. None recanted. Eleven years later several of these same individuals would join the vanguard constructing a new national government in the US Constitution – the longest lasting national constitution in the world.

WallBuilders celebrates these individuals with a new museum display - the signatures and documents from all 89 signers of both the Declaration of Independence and the US Constitution. It represents a rare complete collection, one of only a few known to exist due to the scarcity of some of the signatures. Visitors are challenged by the integrity, ingenuity, and foresight of these men; and reminded that God uses a variety of unlikely and sometimes imperfect individuals to accomplish great things!

WallBuilders' artifacts don't just sit in a museum. We regularly employ our documents and treasures to demonstrate the historical influence of the Bible and Christianity in our country.

THE WALLBUILDERS MUSEUM

WallBuilders renovated our museum this summer to showcase even more documents and artifacts all of which help tell the stories of those who sacrificed for this great nation and how they shaped our world today. We welcomed over 700 visitors to our museum this year. Tours are comprised of individuals, families, and school, church, and civic groups. Many come from other states and some from other countries! Museum staff especially love to share stories and artifacts with students of all ages so the next generation will discover America's fascinating and unique Providential history.

**LOOKING AHEAD
WALLBUILDERS COLLECTION SEARCHABLE DATABASE**

Efforts are ongoing to digitize much of the WallBuilders collection. We look forward to the day when our database of archives, artifacts, documents, and records can be shared with the public, so that more of our Providential history is discoverable and treasured by generations to come.

BARNA POLL: CHRISTIANS & VOTING TRENDS

We asked noted pollster, George Barna, to conduct a study to determine Christians' interest levels and viewpoints in the upcoming 2024 election: "A Pre-Election Survey of Self-Identified Christians Who Regularly Attend Church Services, Examining Attitudes and Behaviors Related to the 2024 Election and Church Engagement in the Election Process." He interviewed 2,000 church-going, self-identified Christians.

Survey Highlights

Less than one-quarter of churched Christians (23%) identified moral decline as a defining issue in this election. Correspondingly, a startling 42% of church-going Christians supported abortion on demand.

On the list of issues, economic matters were identified as the top concern, especially in relation to inflation and cost of living (listed by 67%). Another top economic issue was the economy in general (64%). Other economic issues included unemployment and jobs (38%), and the federal deficit and debt (33%). A related issue, named by 43%, was addressing poverty and homelessness.

Abortion was only the seventh-ranked issue, identified by 41% of churched Christians.

Those who were unlikely voters revealed that there are motivators that would encourage them to vote. If only 10%-15% of non-voters were activated to vote, that could increase election turnout by millions.

THESE POLLING RESULTS WERE SHARED WITH PASTORS, LEGISLATORS, AND CHRISTIANS IN AN EFFORT TO HIGHLIGHT A LACK OF BIBLICAL MORALITY IN AMERICA, INSPIRE THE DEVELOPMENT OF A BIBLICAL WORLDVIEW, AND ENCOURAGE PEOPLE OF FAITH TO VOTE BIBLICALLY IN 2024.

THE WALLBUILDERS SHOW

In the past year, we have updated and rebranded The WallBuilders Show. We have streamlined production to make the program available on multiple platforms in an effort to cultivate and reach a multi-generational audience. The Show continues to feature key faith and policy leaders with guests such as Dr. Ben Carson, Todd Starnes, Coach Kennedy, Allie Beth Stuckey, Tony Perkins, and numerous members of Congress. Our podcast airs or is downloaded in all 50 states and in many nations around the globe.

WALLBUILDERS TEACHERS CONFERENCE

WallBuilders hosted two teachers conferences in July. Educators from 20 different states, from university professors to elementary level and everywhere in between, were represented.

This year, we partnered with Innovative Teachers of Texas to provide state approved continuing education credits for attendees from Texas. As a result, we tripled the number of our Texas attendees.

We have growing interest for 2025, so tell any teachers you know to consider attending this in-depth workshop that explores American history and early American teaching techniques to equip students to be life-long thinkers.

VOLUNTEERS

We have been working to expand our volunteer program and the result has been that we have tripled the number of volunteers in 2024! Volunteers have assisted us at events, helped with research and writing, our museum remodel, digitizing data, translating documents, election night coverage and various IT projects. As we continue to refine our intake process and the new technological systems that are in place, we hope to be able to continue to expand our volunteer program even more.

THANK YOU

We are truly grateful for all the progress WallBuilders made in the last year and for you, our supporters, who have partnered with us. You make what we do possible. We know that the Lord has blessed us with donors who love Him and are also called to help restore our nation to its moral, religious, and constitutional roots. Having partners like you is a blessing, and we wanted you to see that your support has made a powerful impact across our country. Thank you for coming alongside us as we, together, “put our hands to this good work!”

HOW YOU CAN BE INVOLVED

PRAY

We believe in the power of prayer. We pray for our supporters and would love for you to pray for us. Many of you have reached out over the years to let us know you are praying for WallBuilders’ leaders, staff, and the work that we do. We are so grateful to have people supporting us in that way! We know God hears you and we have seen answers to many prayers over our 36 year history.

SPREAD THE WORD

Share any WallBuilders’ articles, videos, books, or online posts you love with friends, family, and those in your community. Invite others to join you at WallBuilders events, speaking engagements, and museum tours.

VOLUNTEER

At WallBuilders, we have several projects and events that require extra hands or expertise from people like you! Fill out an application today to see if there is a perfect fit for you at <https://wallbuilders.com/join-the-team/>.

GIVE

Donate to WallBuilders to support our efforts in all the areas we are striving to teach truth, encourage citizens, pastors, and legislators to keep fighting the good fight, and make a difference in our nation for current and future generations.

WAYS TO GIVE

- Online - Credit Card, Bank ACH, Recurring Donations
- Mail a Check to WallBuilders
- Stocks and Securities
- Donor Advised Funds
- Qualified Charitable Distributions (IRAs)
- In-Kind Donations (Please call us first at 817-441-6044)

HELP US REBUILD!

WHAT'S NEXT

The next 2-4 years are going to be full of opportunity, but we need the financial resources to make those opportunities a reality. Here are the areas we are focusing on growing or expanding in the coming year:

Staff: There are many projects and exciting opportunities we would like to accomplish, but we need additional staff to make this work possible.

Space: We are outgrowing our current building and are expanding our shipping and receiving areas to make room for new offices and media space in our existing space.

Resources: We are writing more books to add to *The American Story* history collection. We are also continuing to work on history study guides and new resources for homeschoolers, Christian schools, as well as public schools.

Legislative Network: PFLN provides state legislators and elected officials with the resources and support they need to champion Judeo-Christian values.

Next Generation: We continue to engage the next generation in the battle for America through social media, podcasts, and events rooted in historical truth.

YOUR GENEROSITY MAKES ALL OF THIS POSSIBLE!

Year End Donation Reminders

Online donations for 2024 via Credit Card or ACH Bank Transfers may be placed until midnight on December 31, 2024. Check donations **MUST BE POSTMARKED** by December 31, 2024. (Checks received with a 2025 postmark must be credited to the 2025 calendar year.)

PO BOX 397
ALEDO, TX 76008
WALLBUILDERS.COM

WallBuilders is dedicated to teaching America's forgotten history
and heroes, emphasizing the moral, Christian,
and constitutional foundation on which our nation was built.
